***EXAMINER'S COMMENT***

This is a supplemental Office action, replacing the Office action of 02/14/08, which has been vacated, because the previous Office action of 02/14/08 was inadvertently not signed by SPE Larry Helms, and to include the signed PTO-1449 submitted on 02/08/08, which was not considered due to cross-mailing.

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/01/07 has been entered.

The references from the Information Disclosure Statement of 11/01/07 and 02/08/08 have been reviewed and the signed PTO-1449s are enclosed there.

The following is an examiner's statement of reasons for allowance: The art does not teach, or suggest the steps of detecting an elevated copy number of SEQ ID NO:9, and correlating the elevated copy number of SEQ ID NO:9 with breast cancer, or metastatic breast cancer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MINH-TAM DAVIS whose telephone number is 571-272-0830. The examiner can normally be reached on 9:00 AM-5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, LARRY HELMS can be reached on 571-272-0832. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
